Regular endowed care does not include floral decorations or their special care. These may be provided through our greenhouse department if desired.

## FACTS YOU SHOULD KNOW ABOUT YOUR CEMETERY

Rosehill has faithfully served the Chicagoland area for over a century, with space available for generations to come.

Almost 100 acres of land is still available in large and small family lots, also individual graves. All are reasonably priced and include endowed care, with terms to suit your convenience.

Because of its high elevation, sandy subsoil and natural surroundings, graves are forever free from disturbing moisture, making Rosehill an ideal burial park.

Protection from any possible change is offered not only through a Perpetual Charter granted by the Legislature in 1859, but also through Endowed Trust Funds of over 4 million dollars.

## ROSEHILL MAUSOLEUM

For those who prefer above ground and indoor entombment, Rosehill offers the finest facilities.

In this softly lighted sanctuary of marble, granite, bronze and inspiring colorful artglass windows, you will possess a family memorial which will stand to the end of time. Sheltered from inclement weather and disturbing sounds, rest those who have entered their eternal sleep.

Individual and companion crypts, family rooms and columbariums for urns of revered ashes are available. The reasonable cost of these arrangements suited to your particular needs is very modest.
